-

INTERSHIPS

I'm successfully completed 6 weeks Offline Internship on "Full Stack Web Development" at Dotc Endeavours Pvt. Ltd from time period 30.10.2023 to 15.12.2023.

PROJECTS

- **TRAFFIC SIGN DETECTION**- Traffic Sign Detection and Recognition is an important feature for driver assistance, contributing to safety of drivers, pedestrians and vehicles, so our Software system would help to detect as well as Identify traffic signs.
- **PARK TICKET SYSTEM** – it refers to a system designed to manage and facilitate the sale, distribution, and access to tickets for parks, amusement parks, recreational areas, zoos, or any other venue or facility that requires admission. The primary goal of such a system is to streamline the ticketing process, enhance visitor experience, and efficiently manage the flow of people entering the park
- **DATA ANALYSIS FOR GOOGLE PLAY STORE**- In this project, I am trying to analysis the data available in the dataset obtained from [kaggle](#). This dataset contains details about the Google play

Apps,Category to which it belongs to,Ratings etc.I am using the Pandas,Numpy and Matplotlib libraries for the analysis.
