

OBJECTIVE

Detail-oriented and process-driven professional with hands-on experience in SAP SD module, including order processing, delivery management, billing, and PO/SO handling. Seeking to contribute to a dynamic organization by leveraging my understanding of SAP systems, client coordination, and logistics support. Committed to delivering business value through system optimization, compliance with SOPs, and effective cross-functional collaboration.

WORK EXPERIENCE

SAP SD Consultant (*ITC Infotech | Mar2025 – Present*)

- Handled end-to-end Sales and Purchase Order processing using SAP SD (RP1 & SP1), including order validation, delivery creation, shipment scheduling, and truck type selection.
- Maintained master data and trackers (PO, SO, shipment), generated pricing reports, and ensured timely approvals and error-free entries to support business operations.
- Resolved order-related issues (delivery delays, invoice errors, allocation discrepancies) while coordinating with Account Executives (AEs), clients, and warehouse service providers (WSPs).

EDUCATION

- Master of Computer Application (2022–2024)
The Oxford College of Engineering, Bangalore- 8.59 CGPA
- BSc -(PMCs) (2019–2022)
GFGC-Shivamogga— 76.75%
- Pre-University College – Amrutha, Shivamogga (2027-2019)

Core Functional Skills

- Sales Order Management (SO)
- Purchase Order Processing (PO)
- Delivery and Shipment Processing
- Master Data Management (Customer, Material, Pricing)
- Working with SAP SD on RP1 Servers
- SAP GUI
- Excel – Advanced (Pivot Tables, VLOOKUP, Filters)

PROJECTS

Traffic Sign Detection Using ML

- Built a CNN-based model (AlexNet architecture) to detect and classify traffic signs from images and video
Trained on a labeled dataset and achieved high classification accuracy
- Published a research paper in IJCRD (July 2024)

Google Play Store Analysis

- Conducted EDA using Python libraries (Pandas, NumPy, Matplotlib)
- Analyzed ratings, reviews, app size, pricing, and category trends

SOFT SKILLS

- Critical Thinking & Problem Solving
